ELECTRICIAN PACK

TRMS multimeter + Ammeter with flexible sensor with 3 free accessories

▶ Take these “**essentials**” with you everywhere for all your electrical maintenance work!

C.A 5233 multimeter

This all-in-one instrument is **THE REFERENCE** for electricians

- High performance : - AC/DC voltage: 1,000 V
- direct measurement of AC or DC current up to 10 A
- capacitance and temperature measurement
- Functional: no-contact voltage detection
- Safety: protection against overloads up to 8 kV
- Easy readings: 6,000-count backlit display with bargraph
- Rugged: built-in shockproof sheath

600 V CAT IV IEC 61010-2-033 IP 54 TRMS

Ammeter with flexible sensor DigiFlex MA 4000D-350

The ideal complement for any multimeter for measurements in confined spaces

- Accessibility: flexible sensor with 100 mm diameter
- Large measurement range: AC current up to 4,000 A_{AC}
- High performance: TRMS with bandwidth of up to 3 kHz
- Practical: 4,000-count display, direct reading of current values
- Functional: autorange and HOLD & MAX HOLD functions

600 V CAT IV TRMS

Accessories **FREE**

Keep your hands free...
Simplify your work...

Magnetized test probes
For voltage measurement only

Multiflex Magnetized mounting accessory
Compatible with C.A 5233 and MA4000D

EARTH TESTER PACK

Bluetooth earth clamp
with FREE tablet

▶ Test earth loops quickly in total safety and view your reports directly on the *free* touch-sensitive tablet!

C.A 6417 earth clamp

- **Comfortable use:** extra-bright OLED display
- **Ergonomics:** wide, easy-to-open jaw ($\varnothing = 35$ mm) patented handling system
- **Measurements and functions:**
 - indication of the contact voltage with alarm for hazardous voltage
 - automatic HOLD when the clamp is opened
 - simultaneous display of Ω and A
 - loop inductance measurement
 - recording of the values
- **Communicating:** communicates via Bluetooth and an Android-Google Play application is also available

*Tablet: offer valid only for the Lenovo A8-50 model or model of similar value.

INSULATION MEASUREMENT PACK

Megohmmeter +
leakage current clamp

▶ The ideal Duo for quickly tracing any insulation faults!

C.A 6524 insulation tester

- **Insulation tester:** test voltage up to 1,000 V, measurement range up to 200 G Ω
- **Continuity tester:** continuity test at 200 mA
- **Multimeter functions:** voltage and resistance
- **Data storage:** up to 300 measurements
- **Practical:** magnetized sheath for magnetic mounting

F 65 clamp meter

- **High performance:** quick testing of leakage currents, resolution: 10 μ A
- **Multimeter functions:** current up to 100 A, AC/DC voltage, frequency, resistance and audible continuity
- **Functional:** 28 mm clamping diameter

Measurement control probe
with torch function

Special for Thermography!

C.A 1950 thermal camera

Ideal for all your thermal inspections:
electrical network and buildings

A proven design

- Practical: battery life of up to 13 hours
- High performance: focus-free with 20°x20° field of view
- Quick: start up in just 3 seconds
- Rugged: resists falls from up to 2 m
- Functional: possibility of voice annotations
- Ergonomic: one-handed use
- Independent power supply: 4 NiMH batteries
- CamReport report creation software included
